The 2013-2014 District Directory

This Directory begins with listings of the churches and leadership of the Ann Arbor District. Following that are phone and address lists of all the people mentioned in the Directory. The last section gives information about the administration of the DAC and West Michigan Conferences.

The Directory is also produced digitally which makes it easy to search for names and other information. The digital edition will be sent to all churches and is available on request.

The United Methodist Church contains a wealth of information on all aspects of church life. The many United Methodist related websites will provide up to date information and referrals.
