By the time you finish studying Manna and Mercy, the Bible will make more sense to you. You will notice how the Wilderness School of the Exodus people connects to the Wilderness School that Jesus encountered at the start of his ministry. You will witness how the cycle of God's people falling apart, yet maintaining a remnant of faithfulness, repeats itself again and again and again. You will see that the end of the story (never the end of course) circles back to God's love from the very beginning of the story.

May God bless and keep you as you embark on this delightful, life-changing study. Manna and Mercy opens the Bible for us, and invites us into discipleship. Where better but in community to practice that call!
